

ATELIER

TIMBER FLOORING

Evoking the spirit of a craftsman's studio. Rustic textures and a uniquely aged finish shape interiors with enduring charm and an authentic, lived-in appearance.

Forté

COLLECTION OVERVIEW

Texture, tone, touch – Atelier transforms these sensory elements into a foundation for modern life.

Drawing from the principles of traditional craftsmanship, the collection honours the natural features of raw timber, with visible knots, cracks, and distinct grain patterns creating a finish rich in visual warmth and underfoot tactility. Each generously sized plank is brushed, aged, and sealed with a UV Cured PureMatte Lacquer, lending a soft, lived-in quality. Supported by a robust plywood core and thick wear layer, Atelier is built for performance, with a surface that will evolve gracefully over time.

Whether you're creating a heritage-inspired home or layering texture into a modern space, Atelier bridges tradition and modernity, delivering a surface that feels both storied and enduring.

KEY FEATURES

Unique Aged Look

A reactive stain finish offers a rich, smoky appearance with enhanced depth of colour, creating a distinctive high-end aesthetic.

Customisable Widths

Available in both 220mm and 260mm wide planks, providing flexibility for a range of design preferences and room scales.

Durable Finish

Atelier is finished with a PureMatte Lacquer that gives a natural, matte appearance and adds depth to the colours.
