COLLECTION

A premium collection of pre-finished engineered timber flooring designed to have a rustic and time-worn feel, Artiste Grande will transform your spaces into works of art with a curated palette of four warm, contemporary colours inspired by history's legendary artists: Da Vinci, Picasso, Vermeer and Van Gogh.

Artiste Grande's surface is beautiful and character-filled, with an undulated surface and deep wood-grain texture meticulously crafted using specialised artisan techniques such as wire brushing, hand scraping and natural drying of knots.

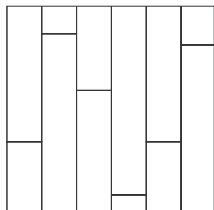

Artiste Grande will flawlessly integrate into any classic or traditional interior with a look reminiscent of hand-cut timber from days gone by.
